

CRNI® Recertification 3-Year Budget Plan

CRNI® Recertification Basics

In order to maintain your CRNI® credential, you must recertify every 3 years. You can choose to recertify in one of two ways: either by passing the CRNI® exam again or by recertifying through Continuing Education (CE).

If you are recertifying by CE, you will need a total of 40 Recertification Units (RUs), of which 30 must be obtained by attending any INS meeting (in person or online). The remaining 10 RUs may be obtained from the non-Meeting category, which includes our popular webinars, found in the INS LEARNING CENTER. Other CE options ranging from 1 to 10 RUs are listed at www.incc1.org. You can earn all 40 RUs by attending the INS Annual Meeting. Don't wait until your credential is about to expire. Start planning now!

Choose Your Recertification Pathway

Recertification by CE

Option 1- The Ultimate Path

Attend an INS Annual Meeting during your 3-year certification cycle

Advantages

- Power comes in numbers. By connecting with other attendees from across the globe, you will strengthen your professional network exponentially *in just a few days*.
- Building relationships with the best practitioners in the infusion world means access to unparalleled mentorship. An INS Annual Meeting is the best place to ask questions and *get answers!*
- It is the easiest and most rewarding way to acquire all 40 RUs needed for recertification, in one place and at one time.

Investment

INS Annual Meeting registration fee + recertification application fee in your third year.

Incentive

Register during the early-bird promotion and save \$200 on the regular registration fee.

Timeline

Attend at least 1 INS Annual Meeting in person during your 3-year certification cycle. **Learn more about INS Annual Meetings at: www.ins1.org/conferences**

Option 2- Recertify Virtually!

If you are a CRNI® and unable to travel to an INS annual meeting, the Virtual Infusion Education platform in the INS LEARNING CENTER is the perfect alternative. You can view conference programming live or on-demand and earn all 40 RUs online.

Advantages

- With our **CRNI® Recertification Approved** section, you no longer have to wonder whether a webinar or a conference will qualify for RUs. Every learning activity in this section has been approved for RUs.
- You can recertify and earn all 40 CRNI®RUs from the comfort of your home or office!

Investment

INS LEARNING CENTER registration costs (spread out over 3 years) + recertification application fee in your third year.

Incentive

If you are not already an INS Member, consider joining! All INS LEARNING CENTER webinars are free for INS members. Plus, you'll receive a significant price reduction on other recertification learning activities.

Timeline

Register for 4 to 5 INS LEARNING CENTER activities every year during your 3-year certification cycle.

INCC Financial Planning Recommendations

Year 1

- **Become an INS member.**
- Register for a Virtual Infusion Education activity for \$195 *
- Register for 3 to 4 FREE Webinars **

Get 10 RUs (INS Meeting category)
\$195 + 3-4 RUs (webinars) \$0 = \$195

Year 2

- Register for a Virtual Infusion Education activity for \$195 *
- Register for 3 to 4 FREE Webinars **

Get 10 RUs (INS Meeting category)
\$195 + 3-4 RUs (webinars) \$0 = \$195

Year 3

- Register for a Virtual Infusion Education activity for \$195 *
- Register for 3 to 4 FREE Webinars **
- **Once you complete 40 RUs, submit your CRNI® recertification application with appropriate fees by the submission deadline.**

Get 10 RUs (INS Meeting category)
\$195 + 3-4 RUs (webinars) \$0 + early-bird recertification fee as an INS member \$175 = \$370

* Activities under this category meet the INS Meeting category.

** Activities under this category meet the non-Meeting category.

Recertification by Exam

INCC believes you can do anything that you set your mind to, including passing the CRNI® exam twice. You've accomplished this before, and you can do it again!

Advantages

- Preparing for the exam through the CRNI® Academy and other up-to-date resources increases your current knowledge of infusion nursing.
- Gaining a sense of achievement and personal empowerment by passing a rigorous exam, that covers the core areas of infusion nursing, can increase confidence.

Investment

As an INS member \$535 (\$175 recertification fee included)

Incentive

If you are not already an INS Member, consider joining for a discounted registration fee. For a deeper discount, register during the early-bird promotion.

Timeline

To recertify by exam, you must successfully pass the CRNI® exam during the September administration, in the final year of your certification cycle. CRNI®s choosing to recertify by exam forfeit the option to recertify by CE.
